

Please reply to your UC Berkeley admission offer

Important information about your UC Berkeley application is enclosed.

Berkeley

Industrial Engineering & Operations Research

COLLEGE OF ENGINEERING

Dear students,

We think UC Berkeley's Master of Analytics program is well-suited to your academic interests and professional goals. And we know you will graduate from this program prepared to interpret data and help industries make informed decisions. But first, you'll need to accept your admissions offer. If you have already accepted your offer, thank you! If you still need to submit your **Statement of Intent to Register (SIR)**, the final deadline is this **Friday, May 20**.

Even if you decide not to attend, we would appreciate a response. Please log in to the status page of your UC Berkeley online application to accept or decline your offer of admission.

Respond to your offer of admission

Note: A \$2000 non-refundable Statement of Intent to Register (SIR) deposit is required. Once you have submitted your SIR and activated your CalNet ID, you'll find access to the deposit bill in CalCentral. This non-refundable deposit is applied toward the payment of your first term of tuition and fees.

The final deadline to SIR and pay the \$2000 deposit is this Friday, May 20, 2022.

We are eagerly awaiting your decision and hope to welcome you to Berkeley soon.

Best,

UC Berkeley IEOR Department
